FARM BUSINESS SERVICES

BUSINESS ANALYSIS

Douglas Green Consulting Ltd has a long and proven track record in the agricultural industry, achieving success by focusing on clients' objectives and needs. Our whole farm approach allows us to provide recommendations to maximise profits and help businesses succeed and grow.

Our tools present things in a clear and logical way, and our reports are highly valued by clients and their banks.

We have the skills and expertise to deliver first class financial advice:

- Knowledgeable and experienced agricultural business consulting
- Identifying business objectives and targets
- Evaluating options for the way forward
- Planning and business development

CASHFLOW MANAGEMENT

Cashflow is the lifeblood of any business and quality figures are key. We are well placed to help you project your cash requirements for the year ahead and measure your progress made against these projections.

RAISING FINANCE

Re-financing options

Capital Investments

We can help you meet your bank's demands, with clear and concise figures that mean something.

DAIRY CONSULTANCY

The team at Douglas Green Consulting are experts in delivering clarity and direction to our dairy farming clients and have proven success at driving businesses forward. With a unique perspective, we have over 30 years' experience delivering efficiency and creating robust dairy businesses that can withstand tough times.

SOIL & NUTRIENT PLANNING

Our FACTS qualified consultants give advice on targeting manure applications to make the best use of nutrients, and ensure a cost effective spend on fertiliser without compromising yields.

The Farming Rules for Water mean you should plan fertiliser and manure applications based on crop need.

SUBSIDIES & GRANTS

SFI

The Sustainable Farming Incentive rewards farmers for farming practices that help produce food sustainably and protect the environment. Applying for a flexible SFI agreement will help build your business resilience and will provide a regular, reliable income.

CSS

The Countryside Stewardship Scheme is a great way for farmers to boost income, and at Douglas Green Consulting our consultants continue to work with farmers and landowners to design schemes to complement their existing farming systems, supporting farms both economically and environmentally.

CAPITAL GRANTS

Capital grants are available to improve your farm infrastructure and invest in the future.

FUTURE GRANTS

We continue to keep up to date with the latest grants and inform you of ways to add value to your business.
